WATER-USE LICENCE

Water Act 1989

The information in this copy of record is as recorded at the time of printing. Current information should be obtained by a search of the register. The State of Victoria does not warrant the accuracy or completeness of this information and accepts no responsibility for any subsequent release, publication or reproduction of this information.

Water-use licence WUL000000 does not remove the need to apply for any authorisation or permission necessary under any other Act of Parliament with respect to anything authorised by the water-use licence.

Water used under water-use licence WUL000000 is not fit for any use that may involve human consumption, directly or indirectly, without first being properly treated.

Water-use licence WUL000000 authorises the use of water for the purpose of irrigation, domestic and stock use, dairy use, and general non-irrigation farm use, on the land described below, subject to the conditions that are specified.

Conditions

Water-use licence WUL000000 is subject to the following conditions:

Managing groundwater infiltration

1 Subject to the Minister declaring a seasonal adjustment to annual use limits to accommodate exceptionally high evapotranspiration rates, the maximum number of megalitres of water that may be applied to the land specified in the licence in any 12-month period from 1 July to 30 June will be 100.0

2 Water used for the purposes of irrigation on the land specified in the licence must be measured through a meter approved by the water Authority unless the Authority has granted an exemption in writing.

3 Ponded irrigation must not be carried out on the land specified in the licence without the addition of particular conditions governing the use of such an irrigation system.

Managing drainage disposal

4 Where irrigation results in drainage from the land specified in the licence that drainage water must be disposed in ways that meet with the standards, terms and conditions adopted from time to time by the water authority.
